

Tax Accountant

Three is seeking a dynamic tax accountant to join our in-house tax team. Three is one of Ireland's largest mobile operators with over two million customers. At Three we are passionate about what we do, we value work/life balance, efficiency, innovation and people. The focus of this role is a combination of direct and indirect tax, to ensure tax compliance, assist in tax planning initiatives, and to assist with ad-hoc direct and indirect tax queries within the organisation.

You will support the Tax Manager and Head of Tax with compliance and advisory projects to aid Three as we grow. You will be involved in international group projects with a very experienced tax team at group level. Due to the group's commitment to innovation and technology, you will also be involved in advisory projects regarding new products.

What else it involves:

- Assist the tax manager with the determination of preliminary tax obligations and the preparation of the annual corporation tax return and workings.
- Assist with the corporate tax accounting for a statutory and quarterly group reporting.
- Support the tax manager with other corporate tax matters, both domestic and international.
- Review of the monthly/bi-monthly Irish VAT, VIES, Intrastat returns.
- Review of the monthly VAT reconciliations/journals and liaising with the finance department in relation to any inconsistencies.
- Assisting with VAT consulting queries and ad-hoc projects, including VAT on property queries. Working closely with the tax manager and the European Head of Indirect Tax on VAT compliance and advisory.
- Review of RCT notifications and returns. Working closely with the tax manager to regularly review and monitor contracts.
- Assist with transfer pricing reviews, including preparation and review of relevant documentation (such as intercompany agreements, transfer pricing reports and CbCRs).
- Assist with drafting correspondence to Revenue.
- Monitor domestic and international direct and indirect tax legislation changes and research any impacts for Three.
- Liaise with commercial and finance teams to obtain information and understanding about new and ongoing transactions. Prepare reports, opinion letters and memos on advisory issues for the business.
- Work with the tax manager to keep processes up to date and relevant.

The skills we're looking for:

- Qualified Chartered Tax Advisor with good accounting knowledge/experience essential.
- Minimum of 3-4 years' experience in a Big 4 tax practice or a large company.
- Excellent attention to detail and teamwork skills.
- High degree of interpersonal skills with the ability to communicate at all levels.
- Must be self-motivated and possess excellent organisational and project management skills.
- Experience with an ERP system (Oracle) is desirable.
- Strong proficiency in Excel is required.
