WARNING NOTICE

Accounting period ending in the year ended 31 December 2018

Dear Sir/Madam,

This letter is issued to you in your capacity as Secretary to the above company.

It has come to my attention that the company has not filed a CT1 return for the above period. The Self-Assessment deadline for filing the company's CT1 has passed and the company may now be liable to a surcharge.

To avoid prosecution, associated costs and publicity, please file your company's CT1 immediately by using the Revenue Online Service (ROS). Information on filing tax returns online is available at www.revenue.ie. There is no need to contact this office if you are in the process of filing your company's Corporation Tax return.

Important: Financial Statements

Please note that in addition to filing your company's CT1 you may also be required to submit the Financial Statements for the same period for your company in iXBRL.

Where you are required to file the Financial Statements, you will not be compliant for Corporation Tax purposes until both the CT1 and associated Financial Statements are filed.

When filing your CT1 please ensure your Form 46G, if appropriate, and VAT RTD are also returned fully completed.

Yours faithfully,

Aisling McEvoy
Branch Manager
