Income Tax Return

1 Jan 2018 - 31 Dec 2018

Dear Sir / Madam,

Your client has been advised:

That the Self Assessment deadline for filing their 2018 Income Tax return has passed and that they may now be liable to a surcharge.

That by filing their 2018 return now and submitting a payment in respect of tax due, they may avoid:

- the possibility of being selected for audit or other Revenue intervention
- an estimated tax assessment being raised, and a referral for enforcement
- prosecution, associated costs and publicity.

On the back of the letter is a questionnaire which your client has been asked to return, completed, to Revenue. This will assist in reducing further unnecessary correspondence with your client's Revenue office.

No contact with this office is required if you are in the process of submitting your client's tax return.

Yours faithfully,

Liz Reid
District Manager
